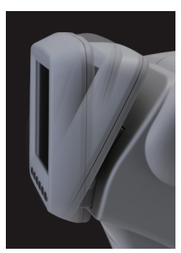
Tilt screen

Tilt screen function that allows wide variance of access whether the operator is sitting or standing.

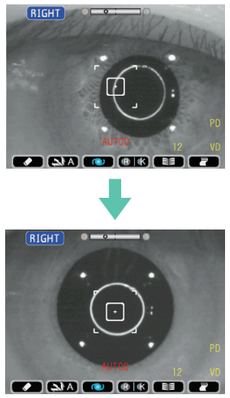


Joystick & Jog-dial

Modified joystick & jogdial that allows the operator to control the unit with better, precise and instinctive movement.

Auto Standby & 3 Dimensional Auto Alignment Function

Auto standby mode when turned on, auto alignment function enables even inexperienced users to take the measurement in an instant.



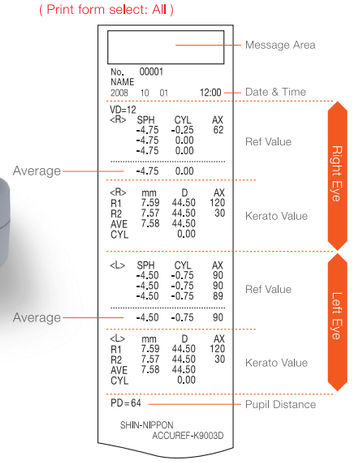
L/R Auto Movement

After measurement is taken for one eye, ACCUREF-K 9003D will automatically shift over to begin measurement for the other eye.

Auto Printer w/ built-in cutter

When the examination is complete, the readings are automatically printed. The built-in cutter will operate automatically to easily pull out the paper.

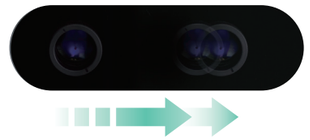
(Print form select: All)



NEW

New Feature Holizontal Scanning Window

New feature "Horizontal Scanning Window" only moves the built-in camera window within the unit which gives patients comfortableness and pressure-free atmosphere. For the operator, safe and precise measurement.



Compact & Silent

Extremely compact designing and incredibly quiet movement sound (less than 40 db).

*In-House Testing Result

Motorized ChinRest

Operator can easily adjust the chinrest with the switch located on the operator side and enables speedy reading.

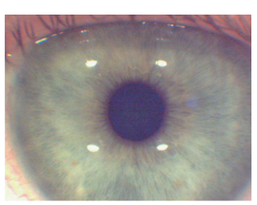
Hi-Touch HUMANE INTERFACE

Humane interface for your tomorrow and the future.
Form and design that gives comfortable atmosphere from child to elder.
Soft, smooth texture that gives warm impression.
Easy and comfortable examination from beginning to end for both patient and the operator.

Other Features

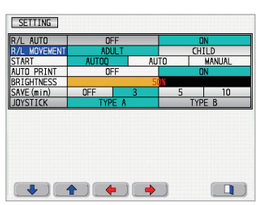
Photo Mode

Color photo shot for the front eye. Beneficial for informed consent.



Adult/Child mode

For consecutive examination in groups, ACCUREF-K 9003D has a feature to change adult/child mode to adjust the pupil distance travel.



External Output, Enclosed Software

ACCUREF-K 9003D holds RS-232C and USB port for an access to your PC. Also, reading data filing software is enclosed with the product.

Easy Paper Installation

Paper can easily be installed or replaced by opening the front cover and inserting the paper.
